

Electronic Specialty Gas Conference 2020

Day 1 – October 13, 2020

Market Review and Challenges

(All times EDT)

10:00 – 10:15 AM

Introductory Comments
Michael Corbett, Linx Consulting

10:15 – 11:00 AM

Keynote – Electronic Gases and Gas Phase System Requirements
Michael Koltonski, Micron

11:00 – 11:45 AM

Keynote - Challenges for Electronic Specialty Gases and Gas Phase Materials
Paul Burlingame, Air Liquide Advanced Materials

11:45 – 12:15 PM

Advanced Delivery System Challenges
Jeff White, EMD Performance Materials

12:15 – 12:45 PM

Semiconductor Industry Outlook and Impact on Electronic Gases
Duncan Meldrum, Hilltop Economics

12:45 – 1:00 PM

Day 1 Closing Remarks

1:00 – 2:00 PM

Virtual Networking and Sponsor Interaction

Special Evening Replay Session

9:00 – 9:15 PM

Introductory Comments
Michael Corbett, Linx Consulting

9:15 – 10:00 PM

Keynote – Electronic Gases and Gas Phase System Requirements
Michael Koltonski, Micron

10:00 – 10:45 PM

Keynote - Challenges for Electronic Specialty Gases and Gas Phase Materials
Paul Burlingame, Air Liquide Advanced Materials

11:00 – 12:00 AM

Virtual Networking and Sponsor Interaction

All Of The Presentations Will Be Posted Prior To The Start of Day 2

Depending on speaker availability we will allow for 5 minutes of Q&A at the conclusion of each presentation. Questions will also be collected for responses by the speakers.

Due to COVID concerns, the conference will be held in a virtual format

Day 2 – October 14, 2020

**Emerging Trends in Purification and Analytics
Technology and Market Outlook**

(All times EDT)

10:00 – 10:15 AM

Day 2 Opening Remarks
Michael Corbett, Linx Consulting

10:15 – 11:00 AM

Keynote – Emerging Trends in Purification and Analytics Across the Fab
Jim O'Neill, Entegris

11:00 – 11:30 AM

Advanced Analytical Requirements for Gas /Vapor Phase Materials
Hugh Gotts, Air Liquide Balazs

11:30 – 12:00 PM

Technologies for UHP CO₂ and Xenon Recovery
Takashi Futatsuki, Organo

12:00 – 12:30 PM

Helium Market Trends & Expectations
Phil Kornbluth, Kornbluth Helium Consulting

12:30 – 12:45 PM

Day 2 Closing Remarks

12:45 – 2:00 PM

Virtual Networking and Sponsor Interaction

Special Evening Replay Session

9:00 – 9:15 PM

Introductory Comments
Mike Corbett, Linx Consulting

9:15 – 10:00 PM

Keynote – Emerging Trends in Purification and Analytics Across the Fab
Jim O'Neill, Entegris

10:00 – 10:45 PM

Technologies for UHP CO₂ and Xenon Recovery
Takashi Futatsuki, Organo

11:00 – 12:00 AM

Virtual Networking and Sponsor Interaction

All Of The Presentations Will Be Posted Prior To The Start of Day 3

Depending on speaker availability we will allow for 5 minutes of Q&A at the conclusion of each presentation. Questions will also be collected for responses by the speakers.

Day 3 – October 15, 2020

**Gas / Vapor Phase Systems and Challenges
Infrastructure and Facilitization Issues**

(All times EDT)

10:00 – 10:15 AM

Day 3 Opening Remarks
Michael Corbett, Linx Consulting

10:15 – 11:00 AM

Keynote – Gas/Vapor Phase Processes and Requirements
Nabil Mistkawi, Samsung

11:00 – 11:30 AM

Challenges and solutions with Gas Phase Delivery Systems
Danny Newman, TEL USA

11:30 – 12:00 PM

Mass Flow Control for Gas Phase Delivery
Patrick Lowery, Horiba

12:00 – 12:30 PM

Advancements in Vapor Phase Package Control
Egbert Woelk, CeeVee Technologies

12:30 – 1:00 PM

Key Vacuum System Components and Requirements
John Makin, Ebara

1:00 – 1:30 PM

Evolving Safety and Abatement Requirements
Mike Czerniak, Edwards

1:30 – 1:45 PM

Conference Closing Remarks

1:45 – 2:30 PM

Virtual Networking and Sponsor Interaction

Special Evening Replay Session

9:00 – 9:15 PM

Day 3 Opening Remarks
Michael Corbett, Linx Consulting

9:15 – 10:00 PM

Keynote – Gas/Vapor Phase Processes and Requirements
Nabil Mistkawi, Samsung

10:00 – 10:45 PM

Gas Phase Control for Advanced Processes
Daniel Newman, Tel USA

10:45 – 11:00 PM

Conference Closing Remarks

11:00 – 12:00 AM

Virtual Networking and Sponsor Interaction

All Of The Presentations Will Be Posted At The End Of The Conference

The Electronic Specialty Gas Conference 2020 is designed to be the premier event that supports the users, producers, process tools and critical infrastructure suppliers of electronic gases and gas phase materials. The Conference provides a forum for key industry participants to discuss the current and next generation challenges that the users of ultra-high purity gases and gas phase materials uniquely face.
